Dear Mr. Munson:

The Resource Development Coordinating Committee (RDCC), representing the State of Utah, has reviewed this proposal. The Division of Water Rights comments:

Although water use is not mentioned on State Action form, it appears that the activities to be undertaken will entail such. We are particularly concerned about the amount of water to be used in mine reclamation and any associated domestic uses. The applicant needs to contact our regional office in Cedar City to discuss their water needs and to ensure they have sufficient water rights to cover those uses.

The Committee appreciates the opportunity to review this proposal. Please direct any other written questions regarding this correspondence to the Resource Development Coordinating Committee at the above address or call Judy Edwards at (801) 538-1153 or John Harja at (801) 538-1559.

Sincerely,

Natalie Gochmour
